

Class Update re 2.0-Litre Generation 3 TDI Vehicles – Phase 2 of AEM Available

Dear Owner or Lessee,

Our records indicate that you may be the owner or lessee of a model year 2015 vehicle that could be within the scope of the nationwide Volkswagen/Audi 2.0-Litre TDI (Diesel) Emissions Settlement Program in Canada. You are receiving this notice because the second phase of the Approved Emissions Modification for your vehicle is now available in Canada.

In early 2017, U.S. regulators, including the Environmental Protection Agency, approved a two-phase emissions modification plan for model year 2015 Volkswagen and Audi 2.0-litre TDI vehicles. Phase 1 of the Approved Emissions Modification was made available to you through a recall in January 2017. Phase 2 of the Approved Emissions Modification is also now available.

The recall for Phase 1 and Phase 2 can be received free of charge from an authorized Volkswagen/Audi dealer in Canada, together with an extended emissions warranty. An oil change with respective engine oil filter will be offered free of charge to those owners and lessees who may be Settlement Class Members at the time of completing Phase 2.

Information regarding the impact the emissions system updates will have on your vehicle performance, as well as instructions on maintaining your vehicle post-modification, is provided in the recall notice available at www.VWCanadaSettlement.ca. To receive a paper copy of the recall notice by mail, please call us at 1-888-670-4773. An additional informational booklet is also available on the Settlement website.

Being subject to the recall for the Approved Emissions Modification does not prevent you from participating in the 2.0L Settlement provided you submit your claim before the September 1, 2018 deadline. If you are eligible for the 2.0L Settlement and have not completed Phase 1 (or completed Phase 1 before April 28, 2017), you may qualify to choose a Buyback, Trade-In or Early Lease Termination as an alternative to receiving the Approved Emissions Modification. **However, proceeding with the recall for this emissions modification will eliminate any rights that you may have to choose a Buyback, Trade-In or Early Lease Termination under the 2.0L Settlement.** If you think you are included in the Settlement, it is recommended that you contact the Canadian Settlement Claims Centre at 1-888-670-4773 before proceeding with the recall for the Approved Emissions Modification.

If you have submitted a claim in the 2.0L Settlement for the Approved Emissions Modification option, please bring your claim number to your appointment for the recall to help us coordinate the processing of your claim. If you have already received Settlement benefits for Phase 1 of the Approved Emissions Modification, the second half of your payment will be mailed to you within 15 days of completing Phase 2.

Sincerely,

RicePoint Administration Inc.

RECEIPT OF THIS NOTICE DOES NOT MEAN THAT YOU ARE A SETTLEMENT CLASS MEMBER OR THAT YOU WILL BE ENTITLED TO RECEIVE BENEFITS FROM THE 2.0L SETTLEMENT.
